Hebrew, Native Speaker.

English, Near Fluent.

Arabic, Basic.

Summary

Looking for my first job as a **front-end developer**. Main stack is Javascript and React. Learned independently via online courses.

Portfolio: http://portfolio-mm-2020.herokuapp.com

Projects

- TMDb-movie-search: Responsive app for searching movies by title.
  React, Redux, Styled Components, React-Autosuggest.

- Teimanei-Kineret: New version for an old website. Responsive with improved design.
  Javascript, HTML, CSS, Bootstrap, ExpressJS.

- Global-Trekking**:** Landing page for a traveling company. My goal was to quickly build a nice responsive layout using CSS flexbox.
  Javascript, HTML, CSS.

Education

2014: Bachelor of Middle Eastern Studies (major track) and State of Israel Studies at **Ben-Gurion University**, GPA 90.6.

Military Service

2005-2008: PC Technician, Head of **App and Hardware** team in the computers department of the 371 unit of communications in the northern command.

Skills

- HTML5
- NPM
- Javascript
- React
- CSS3
